62,31 € excl. tax
74,77 € incl. tax

Made in France

SKU: JLBM30PA | **Categories:** [Spare parts for BOEHM punch sets](#), [Striking tools and accessories for hollow punches](#) |

DESCRIPTION DU PRODUIT

This chuck handle locks JLB model punches up to 30 mm in diameter or 1 3/16", enabling pastilles and washers or gaskets to be cut concentrically and in a single operation, thanks to a ramp system that allows 2 punches to be paired.

This tool has undergone a number of innovations to enhance user comfort, safety and performance, including :

- A patented ergonomic handle to dampen vibrations transmitted to the hand (patent pending and design registered).
- High-strength striking head for longer life.
