HANDLE FOR GASKET CUTTING MACHINE ONLY

58,35 € excl. tax
70,02 € incl. tax

Made in France

SKU: PACC | **Categories:** [Spare parts for BOEHM punch sets](#), [Striking tools and accessories for hollow punches](#) |

DESCRIPTION DU PRODUIT

This handle is intended only for use as a circular cutter for the CC420PA and CC620PA cases. This ergonomic handle allows you to cut large diameter pellets or washers with ease and dexterity. In fact, the cutting operation only requires one hand; the free hand can thus hold the material.

A spare blade and 1 allen key are available inside the handle and make blade replacement very easy.
